Graphisoft continues business and technology architecture series, highlighting key elements firms need for sustained profitability, in live webinar

WHO: Patrick MacLeamy, FAIA, International Chairman, buildingSMART International; CEO Emeritus, HOK & Huw Roberts, CEO, Graphisoft

WHAT: How BIM Helps Firms Achieve Sustainability and Long-Term Success

WHEN: JULY 27, 2021, 2 PM EDT

Graphisoft announces an upcoming live webinar in cooperation with Architectural Record. The session features an in-depth discussion between Patrick MacLeamy, FAIA, and Huw Roberts, CEO of Graphisoft®. Drawing from their collective 80 years of experience in the industry, the two will dive into ways in which architectural practices of all sizes can structure their businesses and design sensibilities to survive recessions and prosper.

Attendees will gain insight into how to best implement a sound business structure, strategies for embracing BIM to win jobs, and designing buildings that are as green as possible using current technology.

Participants will be eligible to receive continuing education credits upon completion of the webinar.
