## MEDIA ALERT! A peek at what's to come at Building Together 2022

**Three days of rich engagement bring together the global AEC industry community.**

Join the world's leading AEC thought leaders at **Building Together 2022** online to explore the latest disruptive industry trends and innovative best practices. Our live virtual event is happening **October 25-27**, bringing together the global AEC community in an annual exchange of ideas.

Event sessions will explore themes around **socially responsible architecture**,

**immersive experiences, digital transformation, and empowering future architects.** Talks, roundtables, and case studies are led by members of the BIM community and award-winning architects and firms. Live Q&A and networking opportunities with leading professionals and peers will guarantee attendees a robust, interactive experience.

For a complete list of speakers and topics and to register for free to attend the Building Together 2022 conference, click on the media registration link below!

## About Graphisoft

[Graphisoft](#)® empowers teams to design great buildings through award-winning software solutions, learning programs, and professional services for the Architecture, Engineering, and Construction industries. Our award-winning products and solutions support OPEN BIM for building assets' workflow transparency, longevity, and data accessibility. **Archicad**®, the architects' BIM software of choice, offers a complete end-to-end design and documentation workflow for architectural and integrated architectural and engineering practices of any size. **BIMx**®, the most popular mobile and web BIM app, extends the BIM experience to include all stakeholders in the building design, delivery, and operations lifecycle. **BIMcloud**®, the AEC industry's first and most advanced cloud-based team collaboration solution, makes real-time collaboration possible across the globe regardless of the size of the project and the speed or quality of the team members' network connection. **DDScad** solutions support users with intelligent Mechanical, Electrical, and Plumbing (MEP) design tools, integrated calculations, and comprehensive documentation of all building system disciplines. **DDScad Architect & Construction** is developed for architects, building contractors, and manufacturers of industrialized timber frame housing in Scandinavian markets. Graphisoft is part of the Nemetschek Group. To learn more, visit [graphisoft.com](#).
