As a member of the media, you're invited to our Building Together Digital Event | October 25-27

Sep 20, 2022 16:26 CEST

MEDIA ALERT! Join us for Building Together 2022 | October 25-27

Building Together 2022 dives deep into the AEC industry trends and digital best practices shaping our built environment.

Engaging with the latest trends and digital best practices can be a real differentiator for any architectural design practice. After the success of last year's event, we're once again bringing together leading professionals from around the world to discuss the future of AEC and how it can best respond to the demands of today's industry challenges.

Event sessions will explore themes around **socially responsible architecture**, **immersive experiences**, **digital transformation**, and **empowering future architects**. Talks, roundtables, and case studies are led by members of the BIM community and award-winning architects and firms.

We can't wait to welcome you online on October 25-27 for Building Together 2022! Please use the sign-up button below for media registrations.

About Graphisoft

[Graphisoft](https://www.graphisoft.com)® empowers teams to create great architecture, through award-winning software solutions, learning programs, and professional services for the Architecture, Engineering, and Construction industries. **Archicad**®, the architects' BIM software of choice, offers a complete end-to-end design and documentation workflow for architectural and integrated architectural and engineering practices of any size. **BIMx**®, the most popular mobile and web BIM app, extends the BIM experience to include all stakeholders in the building design, delivery, and operations lifecycle. **BIMcloud**®, the AEC industry's first and most advanced cloud-based team collaboration solution, makes real-time collaboration possible across the globe regardless of the size of the project and the speed or quality of the team members' network connection. **DDScad**'s intelligent Mechanical, Electrical, Plumbing (MEP) design tools, integrated calculations, and comprehensive documentation solutions combine great architecture with peak building performance. Graphisoft is part of the Nemetschek Group. To learn more visit www.graphisoft.com
