As a member of the media, you're invited to our Building Together | Design digital event | June 14-15

Jun 06, 2023 14:00 CEST

MEDIA ALERT! Sign up for Building Together | Design | June 14-15

Join us for our next digital event, **Building Together | Design, on June 14-15**, when renowned architectural and engineering firms from around the world will go step-by-step through the BIM practices they use to stay competitive. Learn about their workflows and techniques for designing and presenting exceptional buildings.

With the trend deep-dive, **Graphisoft** product experts will unveil the **2023 product lineup**, including the new and enhanced capabilities of **Archicad**, **BIMcloud**, **BIMx**, and **DDScad**. Get a first look at the exciting new features and capabilities!

Explore the future of visualization
The sessions demo the latest real-time rendering and architectural visualization capabilities from our leading technology solution partners — including **NVIDIA**, **Enscape**, and **D5 Render**. You'll leave with a solid understanding of the solutions that deliver high-impact design presentations.
Learning from the best
Watch case studies and learn the best BIM practices from around the globe, presented by leading architectural and engineering firms:

- Reflex Architects (Sweden)
- Tektonn Architects (China)
- The Up Studio (USA)
- Brenac & Gonzalez & Associés (France)
- Surbana Jurong (Singapore)
- JKMM Architects (Finland)
- Earthworld Architects & Interiors (South Africa)

Each team will detail the BIM workflows, techniques, and best practices they applied to deliver award-winning work.

Get a first look at what's new in Archicad, BIMcloud, BIMx, and DDScad

Join us for a sneak peek at our 2023 product lineup. Expert-led presentations will introduce the new releases of Archicad, BIMcloud, BIMx, and DDScad. Learn how the latest versions can help users design great buildings more efficiently — and hear about our **Technology Preview Program**, which offers an Archicad 27 test drive before the commercial release in the Fall.

Live Q&A
Don't miss the chance to get expert answers to your questions in our live Q&A sessions. Reserve your free spot today.

The event will be conducted in English. Can't make it? Sign up to receive the free on-demand replay.

About Graphisoft

Graphisoft® empowers teams to design great buildings through award-winning software solutions, learning programs, and professional services for the AEC industry. Our award-winning products and solutions support OPEN BIM for workflow transparency, longevity, and data accessibility for built assets. **Archicad®**, the architects' BIM software of choice, offers a complete end-to-end design and documentation workflow for architectural and integrated architectural and engineering practices of any size. **BIMx®**, the most popular mobile, and web BIM app, extends the BIM experience to include all stakeholders in the building design, delivery, and operations lifecycle. **BIMcloud®**, the AEC industry's first and most advanced cloud-based team collaboration solution, makes real-time collaboration possible across the globe regardless of the size of the project and the speed or quality of the team members' network connection. **DDScad** solutions support users with intelligent Mechanical, Electrical, and Plumbing (MEP) design tools, integrated calculations, and comprehensive documentation of all building system disciplines. Graphisoft is part of the Nemetschek Group. To learn more, visit graphisoft.com.
