Announcing a new look for GRAPHISOFT

A lot of great things are happening at GRAPHISOFT and we're excited to reflect this in updated branding and an all-new website at graphisoft.com.

Earlier this year, we set out on an ambitious journey to align our corporate and brand identity with GRAPHISOFT's mission: Empowering teams to create great architecture. Our new corporate branding – including a new logo for GRAPHISOFT and for each of our products and services – reflects our values, recognizes our history, rich in innovation, and looks forward to a dynamic future.

We hope you find our new website streamlined and user-friendly. We made it easy for you to learn about our leadership role in the AEC industry and our

award-winning product and service portfolio – and to try Archicad or to get the most out of the software if you're already using it. There's also clear and quick access to case studies, career opportunities, community groups, and more. And we've also made it simple for you to connect with us if you're interested in becoming a business partner, training partner, or joining our developer network.

We're excited about our future as we continue to deliver innovative solutions that provide value to architects and engineers around the world – Building Together!

I look forward to [welcoming](#) you to our global community. Keep checking back to graphisoft.com for more exciting news!

Huw Roberts, CEO
GRAPHISOFT

About GRAPHISOFT

[GRAPHISOFT](#)® empowers teams to create great architecture, through award-winning software solutions, learning programs, and professional services for the Architecture, Engineering, and Construction industry. **Archicad**®, the architects' BIM software of choice, offers a complete end-to-end design and documentation workflow for architectural and integrated architectural and engineering practices of any size. **BIMx**®, the most popular mobile and web BIM app, extends the BIM experience to include all stakeholders in the building design, delivery, and operations lifecycle. **BIMcloud**®, the AEC industry's first and most advanced cloud-based team collaboration solution, makes real-time collaboration possible across the globe regardless of the size of the project and the speed or quality of the team members' network connection. GRAPHISOFT is part of the Nemetschek Group. To learn more visit www.graphisoft.com
