#graphisoftLEARN Master Classes will offer BIM professionals an exceptional learning opportunity

BUDAPEST, July 18, 2019 – GRAPHISOFT, the leading Building Information Modeling software solution for architects and designers, has announced #graphisoftLEARN Master Classes, a unique global learning and networking event taking place in Budapest, Hungary, October 3-4, 2019.

#graphisoftLEARN Master Classes connect GRAPHISOFT developers, product designers, consultants and trainers with BIM managers, architects, engineers and ARCHICAD enthusiasts seeking to deepen their knowledge of ARCHICAD. The two-day conference includes lectures and discussions about ARCHICAD

23 and the latest in BIM technologies and trends. Workshops will be divided into four topics: Modeling, BIM Management, Presentation and Collaboration.

“GRAPHISOFT Master Classes are a great way to gain a deeper understanding of ARCHICAD,” said Katalin Borszéki, #graphisoftLEARN Program Manager. “We are excited about this very intense two-day conference featuring senior GRAPHISOFT developers, BIM consultants and ARCHICAD power users sharing fantastic know-how – and there will be plenty of time for networking and fun too!”

Early bird tickets are available through August 15 for €490 (approximately US\$550); full-time students are entitled to a 50% discount. For more information, please visit learn.graphisoft.com.

About GRAPHISOFT

[GRAPHISOFT®](http://www.graphisoft.com) ignited the [BIM](#) revolution in 1984 with [ARCHICAD®](#), the industry-first BIM software for architecture. GRAPHISOFT continues to lead the industry with innovative solutions such as its revolutionary [BIMcloud®](#), the world’s first real-time BIM collaboration environment; and [BIMx®](#), the world’s leading mobile app for lightweight access to BIM for non-professionals. GRAPHISOFT is part of the [Nemetschek Group](#).
